SUPPORTING CPSN

The CPSN is a Victorian-based organisation dedicated to providing information, resources and support services to children and adults with Cerebral Palsy (CP) and their families. CP is a life-long permanent disability. It is the most common physical disability in childhood, with an Australian child born every 15 hours. Incidents and severity of CP are on the increase and there is no pre-birth test or known cure.

How will my donation help?

By supporting the CPSN through a donation or a bequest, you will be improving the lives of people with CP and their families. Your donation means that funds will be available for the CPSN to provide more information, resources and support services to these children and adults.

Every dollar donated to the CPSN is used to directly fund programs and services, and your support - whether it's \$30 or \$3000, will be a valuable contribution. By making a donation you will be investing in the future of Australian children born with CP. As a registered charity, all donations to the CPSN over \$2 are tax deductible.
