

Rate Guide (NDIS STD & High Intensity Level 1, 2 & 3 funded)	2020– 2021 Financial Year
--	--

IMPORTANT: Please read before selecting or reviewing your rates.

Please do not share these guides with your support workers. This is for your reference only so you can negotiate rates in line with the SCHADS award, their skill and experience.

All rates are listed as the price/hour, except travel which is calculated as price/kilometre.

How do High Intensity NDIS rates apply to me?

If the NDIS have funded you at their High Intensity rate, then you can choose for each support worker to be paid at different rates depending on their skills and experience and whether you want to accrue Flexi-Funds.

You need to select wages options in accordance with your funding intensity level. For example, if you are funded at High Intensity Level 2, please choose wages options from this level (page 3).

IMPORTANT: If your funding is for Standard and High Intensity Level 1, you can only use Option A for Support Workers with less than 12 months experience as a support worker. After they have 12 months or more experience, they must be placed at Option B, C or D. This ensures that CPSN comply with industrial requirements for payment of support workers.
